

Nutrilac® LowCal

Go low in calories with great tasting
and healthy dairy

The Market¹

Global growth in **obesity** is fuelling the trend for weight management products

Weight Management is the **2nd** largest food & beverage health trend globally

Benefits of Nutrilac® LowCal

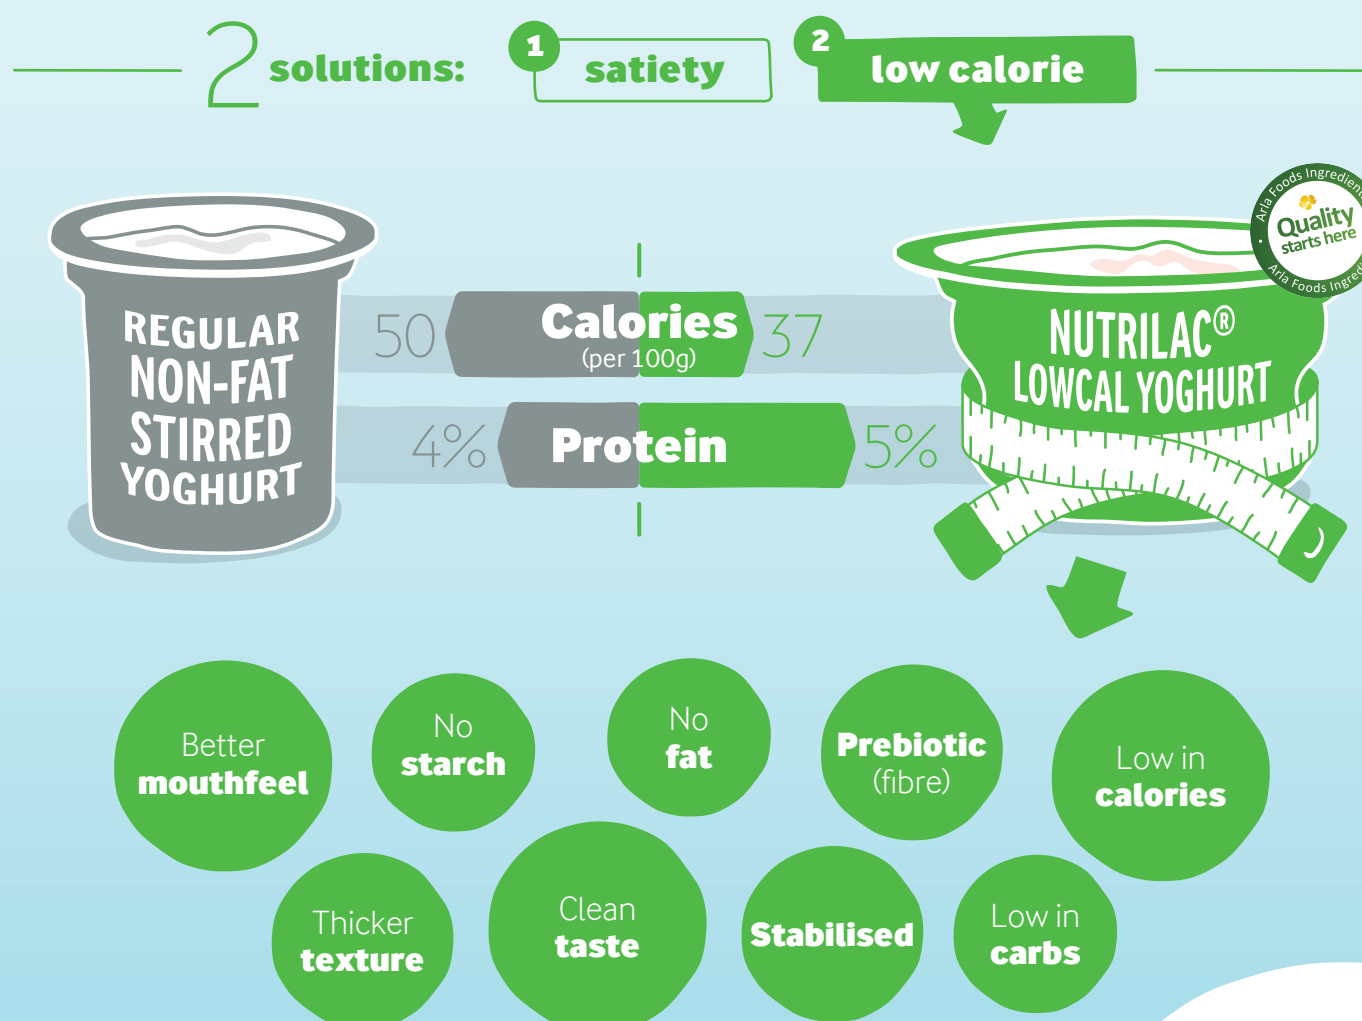

Scientific evidence shows that protein **increases** weight
loss and **prevents** weight gain and regain²

Our Nutrilac® LowCal Solutions

Our solutions for both drinking and stirred yoghurt lets you claim either **high in fibre or low in calories** while at the same time boasting an **even higher protein** content compared to standard non-fat yoghurt solutions.

Our unique solutions even stays below the magic **100kcal per serving** while maintaining a **delicious texture** and avoiding the dryness common in standard non-fat yoghurts.
